TRV Distribution (Indianapolis, IN) Acquires Marsee Products (Madisonville, TN)

Indianapolis, IN, September 30, 2008- Tom Volk (TRV Distribution) and Rex Marsee (Marsee Products) are pleased to announce that Marsee Products has become a part of TRV Distribution's growing family of motorcycle accessories products.

Marsee Products is a recognized world leader in the design and manufacture of motorcycle tank bags, bar bags, and various other motorcycle accessories. Over the years, Marsee Products has introduced numerous innovations in function and quality to the motorcycle industry. Please see www.marseeproducts.com for more details on Marsee products.

TRV Distribution is the parent company for the 'Motorcycle Accessories Division of Racer Parts Wholesale' (www.racerpartswholesale.com - mail-order/Internet catalog) and also operates a Dealer Program for motorcycle accessories. It operates out of a 10,000 sq ft facility in Indianapolis and is well known for its knowledgeable people and excellent customer service.

During the last 16 months, TRV Distribution has also purchased www.myoilshop.com and 'Helen Twowheels Super Packing System Products' (www.helen2wheels.com) as part of its growth in the Motorcycle Accessories marketplace.

"Rex Marsee was looking to expand his business and we are very pleased that he chose us as the best company to move Marsee Products to the next level. We are moving the raw material, finished inventory and manufacturing equipment from the Tennessee facility to our Indianapolis facility over the next few weeks. We anticipate a minimum of interruption in service and shipments during the move" ---reports Tom Volk.

Rex Marsee will continue to design products and help further develop sales from an office in the Indianapolis facility as well as his home in Tennessee.
